DEPARTMENT OF JUSTICE

NOTICE OF LODGING OF CONSENT DECREE  
UNDER THE CLEAN WATER ACT

Notice is hereby given that on December 14, 2011, a proposed Consent Decree (“Decree”) in United States, et al. v. Metropolitan Water Reclamation District of Greater Chicago, Civil Action No. 1:11-cv-08859, was lodged with the United States District Court for the Northern District of Illinois.

In this action the United States, on behalf of the U.S. Environmental Protection Agency (“U.S. EPA”), and the State of Illinois sought penalties and injunctive relief under the Clean Water Act (“CWA”) against the Metropolitan Water Reclamation District of Greater Chicago (“Defendant”) relating to discharges from its combined sewer outfalls (“CSOs”). The Complaint alleges that Defendant violated the following CSO-related provisions of its CWA permits: the prohibition on discharging pollutants into waters of the United States that cause or contribute to violations of applicable water quality standards for dissolved oxygen, solids, and floatables. The United States also alleges that Defendant violated the requirement of its National Pollutant Discharge Elimination System or NPDES permits to provide the equivalent of primary treatment for at least ten times the average dry weather flow for the average design year. The proposed Consent Decree between Defendant, the United States, and the State of Illinois requires the following: (1) a schedule for completion of the Tunnel and Reservoir Program (“TARP”), the long term control plan to increase Defendant’s capacity to handle wet weather

events and address CSO discharges in Chicago area waterways; (2) a plan to control floatables in such waterways; (3) post construction monitoring following completion of TARP; (4) payment of a civil penalty of \$675,000, of which \$350,000 will be paid to the United States and \$325,000 to the State of Illinois; and (5) a green infrastructure program to reduce CSO discharges, localized flooding and stormwater impacts.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, P.O.
